

Wheelkote Systems

Wheelkote Systems is a complete coatings solution for the mobile wheel and SMART repair market. Wheelkote consists of 25 solvent-borne mixing toners and 112 color systems with a corresponding color swatch to quickly identify the color needed for the job at hand.

- Mobile color formula retrieval
- Compact intermix system consisting of **25** toners
- **112** matched wheel formulas available
- **3** Hyper effect specialty colors
- All necessary clear coats, primers, and solvents
- Fluorinated LDPE bottles for maximum shelf life
- OSHA and EPA compliant labeling and packaging
